School is the time when friends come to work, laugh, and, most of all, have fun. Each day represents new challenges and goals that must be met. Like Mr. Brown said, "This year, let's have fun." Well, that's just what we did. Sock Day, Ghost and Goblin Day, Shat Day, Pep Rallies, the Bonfire, Homecoming, snowball fights, and movies all worked together to make school fun, exciting, and memorable. (Pgs. by D. Dodson and J. Durham.)

(Left) Sock-It-To-'Em Day proved fun for Debbie Dodson and Dona Baxter.

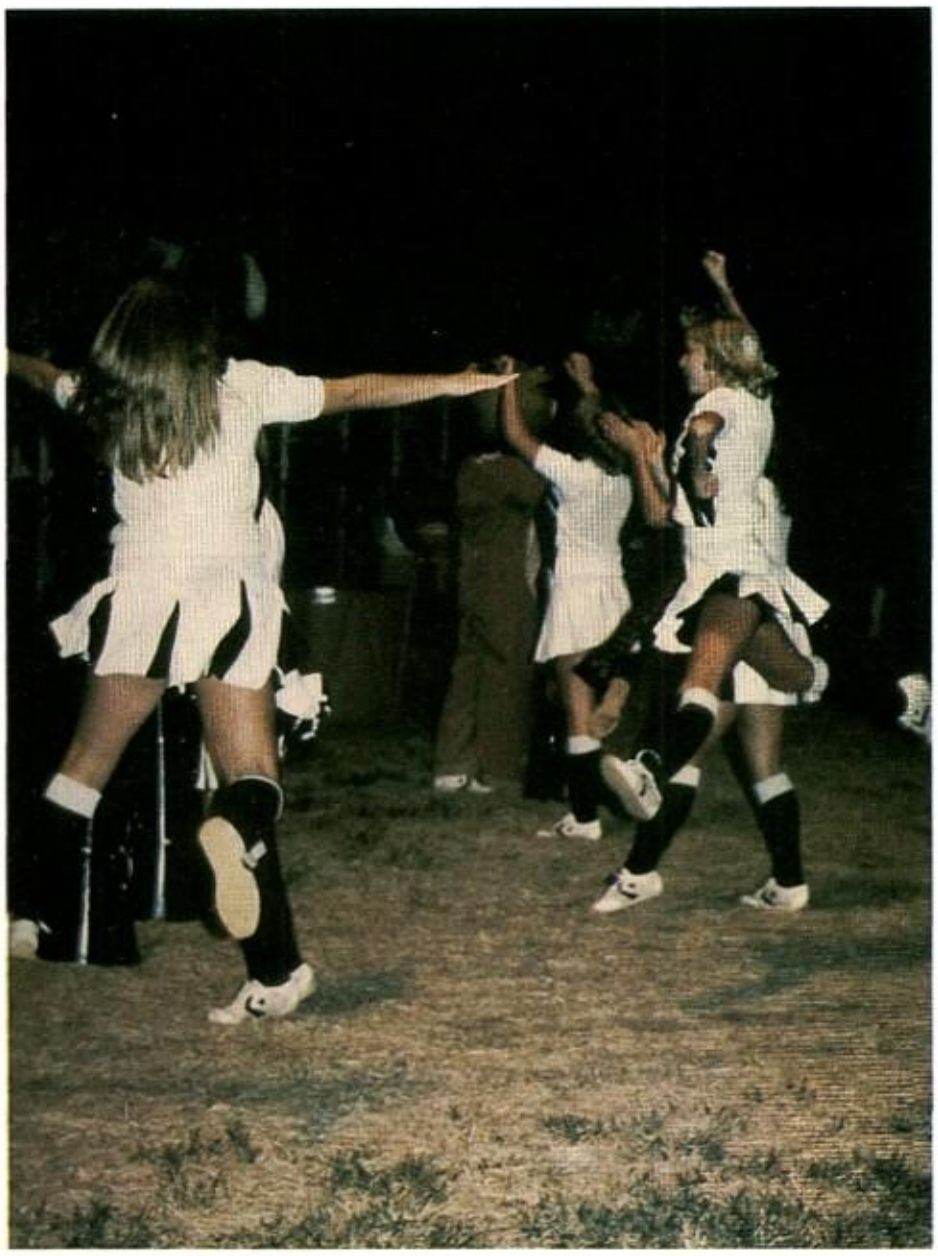
A New Experience

The Bulldog Band creates excitement at each of the Clyde football games.

Spectacular was the description of the 1980 Homecoming game as the Clyde Bulldogs pulled past the Commanche Indians 26-20. The game was thought to be the Indians until the Bulldogs scored in the final minutes. The Homecoming Queen candidates were Melissa Dugan, Melani Brandon, Daphna Owens, and Debbie Askew. The candidates were escorted by Clyde football captains Lee Owens, Jim Durham, Bobby Lane, and Jerry Gordon. As the Bulldog Band played, Debbie Askew was crowned 1980 Homecoming Queen of Clyde High School, with Si Tucker, the EX's President presenting Debbie with a bouquet of roses.



The Clyde Cheerleaders keep the spirit moving.

Electricity and sparkle were added to the Bulldog Band as the Flag Corps became active again.

The F.H.A. were involved in many activities and worthwhile projects. Monthly meetings kept everyone up-to-date on F.H.A. happenings. They went to the State Fair and observed the food and clothing in the exhibition buildings. Lory Moore's Encounter Workshop group helped people to feel better about themselves. The members sold cheese for a fund-raising project. Part of this money went to the Sharon Geye Scholarship Fund. Senior Citizens really appreciated the monthly birthday parties the F.H.A. girls gave them. The F.H.A. also sponsored the F.H.A. Parent-Daughter Banquet. They participated in the Area meeting. Freshmen: Eager to Begin

Suddenly entering into a new and exciting world, the 1980 Freshmen anticipated the first band trips. Soon they turned around to find their boys were playing in their first high school football games while others in the stands cheered for them.

Another turn down the way, the Freshmen bravely faced "Ghost and Goblin" Day with smiles on their faces. Hope was near as the year came to a close and the freshmen turned around again to find they were not "fish" anymore, but upperclassmen in the over-changing world of Clyde High School.

Members of the school board represent the community's concern for the well-being of our school. Elected by the community, the school board regulates the school's budget, sets school policies, hires the administration, faculty and staff and approves all activities of the school. The Highlingt of this year was the consolidation of the Clyde and Hamby School districts. Their long hours of hard work by both school boards are appreciated.

Administrators Offer Involvement in Clyde I.S.D.

Administrators at Clyde High School may sometimes play Behind-the-scene roles in the functioning of school life but their overall, genuine desire to know students as individuals often leads them into involvement in the campus life of the student. Coordinating the affairs of the high school, jr. high, and elementary, the administrative staff is necessary to make the wheels of Clyde go around.

High School Faculty Narrows the Odds in the Game of Life

Let's play high school . . . any number can play between the ages of 14 and 18. The object of the game is to keep up with peers, keep up grades, keep up attitudes, with the ultimate goal of becoming a winner. Because students are captive audiences for about 7 hours each day, teachers serve as manipulators of 320 lives. Using the latest teaching methodology, faculty members used group projects and a great deal of concentrated effort through individualized instruction to convey their subjects. Through achievement test scores, it has become apparent that teachers are generally successful in getting across the subject matter. Students who go on to college return to report relatively few problems in their courses, reflecting the good foundations they have received.

Naoma Huff — Teacher of the Year

In everyday teaching, Mrs. Huff proved herself worthy of the honor as Teacher of the Year. She spends much of her time on after-school excursions such as Jr. Play, One-Act Play, and other U.I.L. activities. She uses her classroom not only to educate, but also to allow the students the privilege of experiencing Old English and Jewish customs unknown to them. The English IV dinner and Jewish Hanukkah allowed Seniors to experience something new and different.

Junior High Faculty: Moving Up

Junior High Principal, L. C. Hounsel,
"When I look back I ask myself what my earlier years have taught me. If I have learned anything, it is the virtue of tolerance, of moderation in thought and deed and of forgiving toward my fellowman. All the material possessions for which I strive so strenuously mean less to me now than a glance of love from those who are dear to me. I find that the measure of a man is not the number of servants he has but the number he serves. It is only the souls that do not love that go empty in this world."

Well Rob,
I really don't know where to start. These past couple of years have really been excellent! As long as it live I'll always remember that beautiful & crazy girl I met in the big town of Clyde. We've shared some really crazy times together. If we're not acting totally crazy then we're probably grossing each other out cause you know us... when we get together we never seem to act like the sweet innocent girls we really are. HA! I know over the years I have complained constantly about Clyde, but when I sit down & really think about it I have actually gained a lot during my time here. The one thing I will always treasure the most is the companionship, friendship, & love I have acquired from you. I thank the Lord often for crossing our paths cause I don't know what I'd

Robin,
Well here we are about to be big seniors. I really can't believe it either. I still remember when we were Freshmen and we were saying "It seems so far off." But look, we've only got one more year to go. This year has really been fun. We've all had our ups and downs but we have managed to survive. Me ("you") and you ("I") have been friends for a long time and I want you to know that there has been so much that you have been willing to do -- and have done. You have helped me through so many hard times that I'll never really ever be able to pay you back. I just hope that I have been of some help and incouragement to you. It's going to be hard for both of us next year, with Tammy and Kim moving, but I think we can make it don't you. Well, Stay Sweet and God Bless you. Good Luck Next year and all thru Life.

Love always
Lisa
